Dr. Rabbit and Dr. Brushwell – Super Dentists!

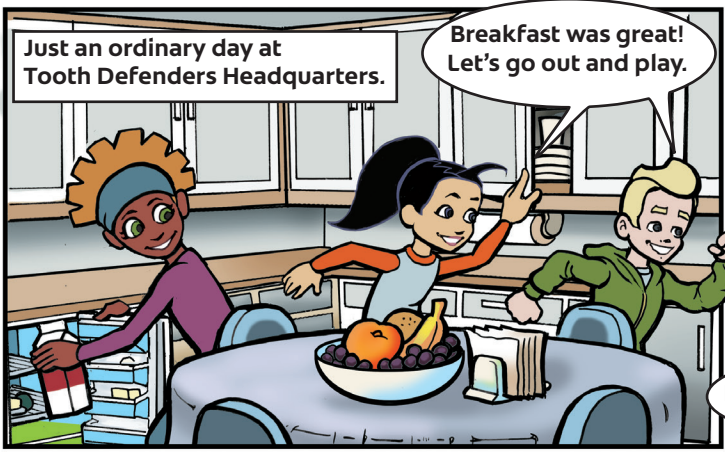

The Brush!

Super Chompers!

Help! It's Placulus and his messy Plaque Monsters!

I'm ready to "attaculus"!

Just an ordinary day at Tooth Defenders Headquarters.

Breakfast was great! Let's go out and play.

Not yet, Defenders.

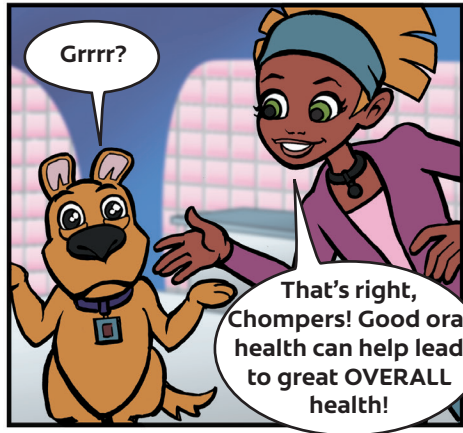

Pop quiz! What's the best thing about good oral health?

That it makes me look amazing and feel good about myself?

Oh brother.

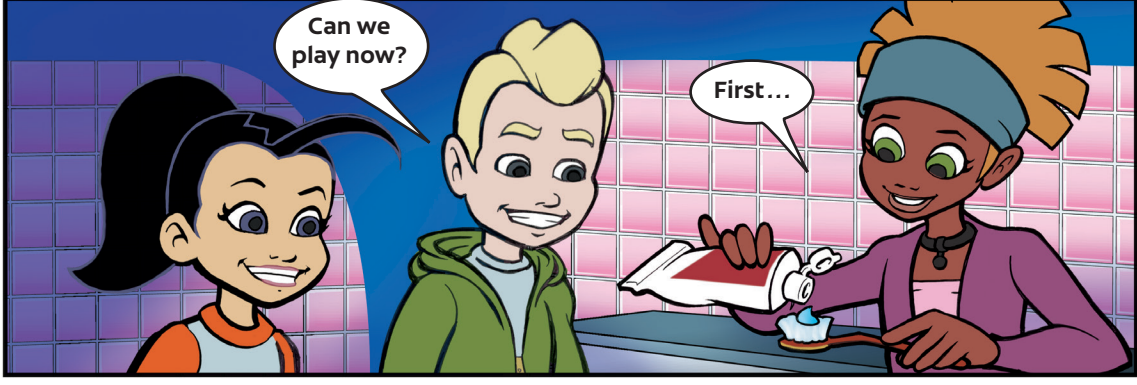

No silly, everyone knows that when you have good oral health your breath is fresh and clean.

Not bad kiddos, but not #1.

Grrrrr?

That's right, Chompers! Good oral health can help lead to great OVERALL health!

Can we play now?

First...

Yikes! I've smelled fresher swamps. And look at your toothbrush! It's totally worn out. Someone needs some tooth tips.

Yeah. Let's sing!

My Teeth - I love 'em! Yeah, that's what I said
Teeth - the brightest thing in my head
My teeth - and if I want to keep em that way
I gotta brush those babies
at least twice a day

Give good oral health a whirl
And you'll never be too shy to
give your lip a curl!

When you smile everyone
stops to stare
'Cause they see you're makin'
visits to the dentist's chair

My teeth - The brightest
things you've ever seen
Teeth - Shining 'cause
they're sparkling clean
My teeth - you gotta limit
those sticky snacks
If you wanna stay away
from the plaque attacks

Give good oral health a try
And you'll dazzle them all with a brilliant smile
And a secret you should know
Healthy teeth 'n gums help keep you healthy
from tooth to toe.

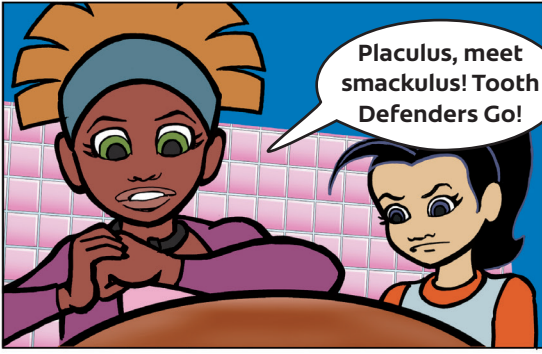

Greetings, Tooth Defenders! Just wanted to drop in and tell you about my little plan - to take over Tooth City. Thanks to my secret weapon...

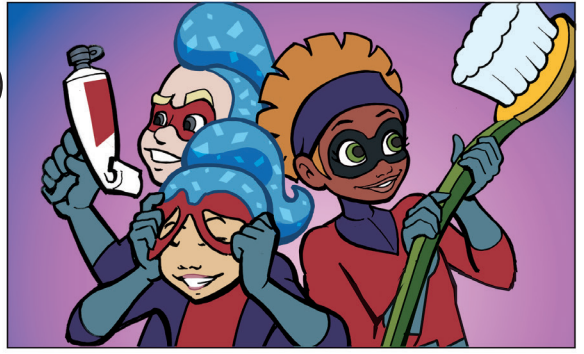

Those pesky Tooth Defenders don't stand a chance!

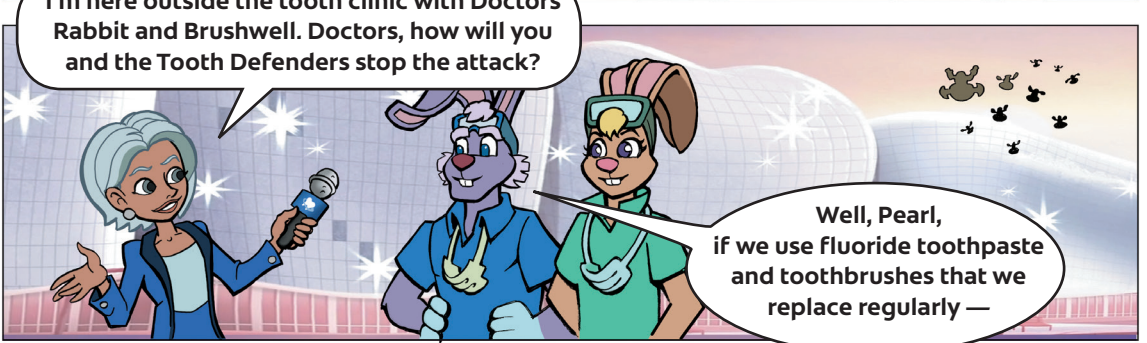

Placulus, meet smackulus! Tooth Defenders Go!

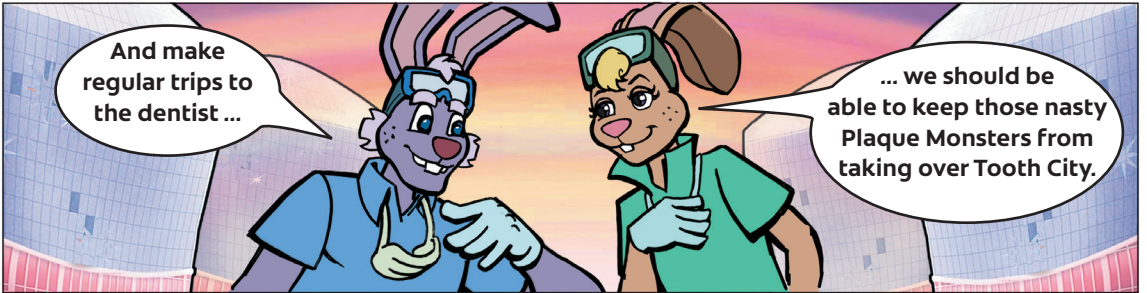

Let's ride! Let's ride!

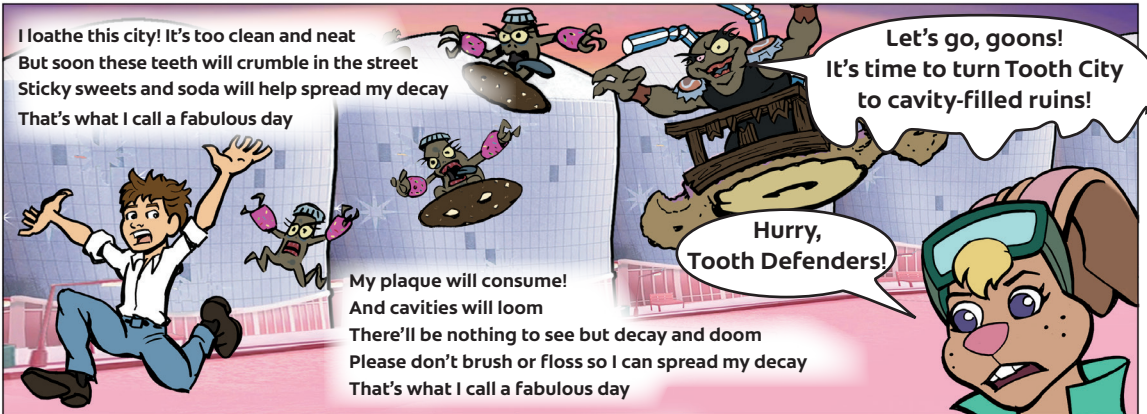

I'm here outside the tooth clinic with Doctors Rabbit and Brushwell. Doctors, how will you and the Tooth Defenders stop the attack?

Well, Pearl, if we use fluoride toothpaste and toothbrushes that we replace regularly —

And make regular trips to the dentist ...

... we should be able to keep those nasty Plaque Monsters from taking over Tooth City.

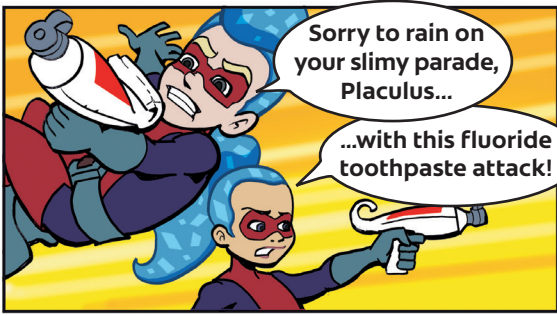

I loathe this city! It's too clean and neat
But soon these teeth will crumble in the street
Sticky sweets and soda will help spread my decay
That's what I call a fabulous day

My plaque will consume!
And cavities will loom
There'll be nothing to see but decay and doom
Please don't brush or floss so I can spread my decay
That's what I call a fabulous day

Let's go, goons!
It's time to turn Tooth City to cavity-filled ruins!

Hurry, Tooth Defenders!

Sorry to rain on your slimy parade, Placulus...
...with this fluoride toothpaste attack!

Great brushing technique, girl! But don't forget the ones way in the back!
For you, anything.

Great job, kids!
You've proven - again - that brushing with fluoride toothpaste helps strengthen teeth and fight plaque.

And helps keep you healthy overall, so you can go do great things every day.

Thanks, Defenders!

We're just doing our job, cleaning up after a plaque disaster and making sure to get all surfaces...

...Top!
Bottom!
Inside!
Outside!
and the tongue!

Waitaminnit! Where's Pearl?

She's being chased by Placulus!

Weeeeeehahaha!
The Tooth Defenders only
THOUGHT they won!!!

HA! Is that
all you got!?

I guess not.

Looks like they could
use some help from...

The Super Dentists!

Now it's time to unleash my Sssecret
Weapon. My SWEETS-STORM!

Wahahahahaha! Sticky sweets and soda.
I'm brilliant! A tooth decay genius!

The sugary gumdrops
and soda are combining
with the plaque to make acid!

We're here
to save you,
Pearl!

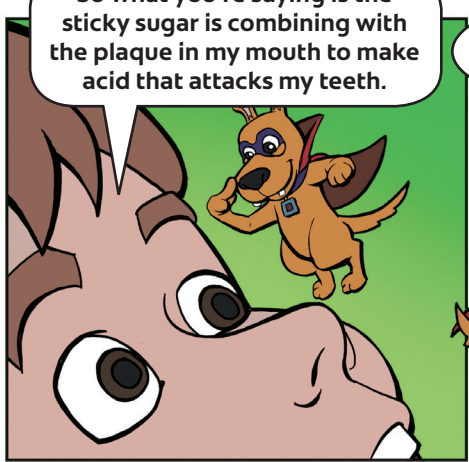

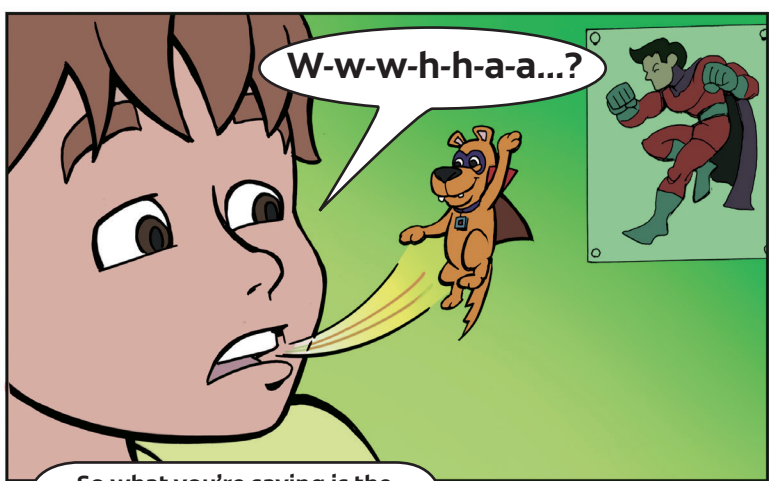

Can't...get...free...

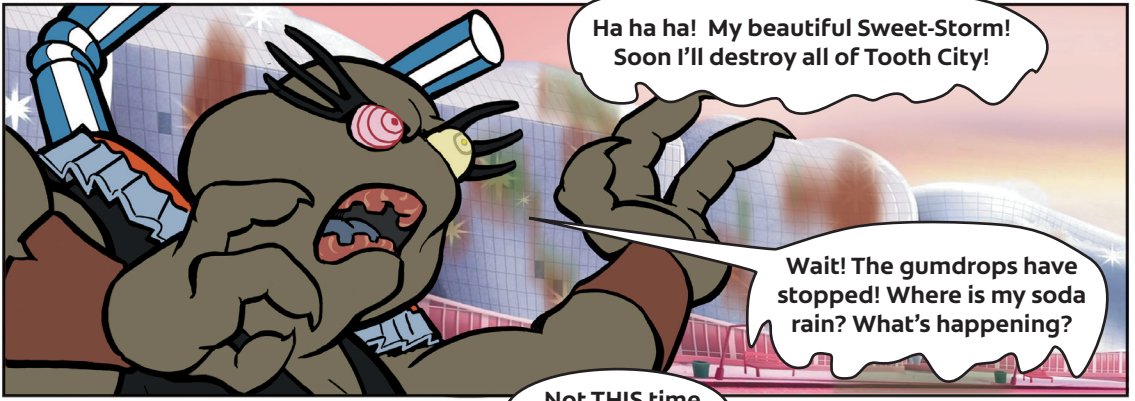

Thanks for the
help, guys.

This could
destroy all of
Tooth City!

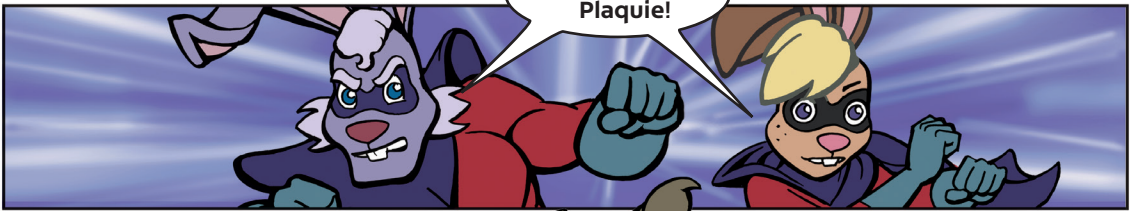

Yes, and too bad really, it's been
sooo much fun. See you - never!

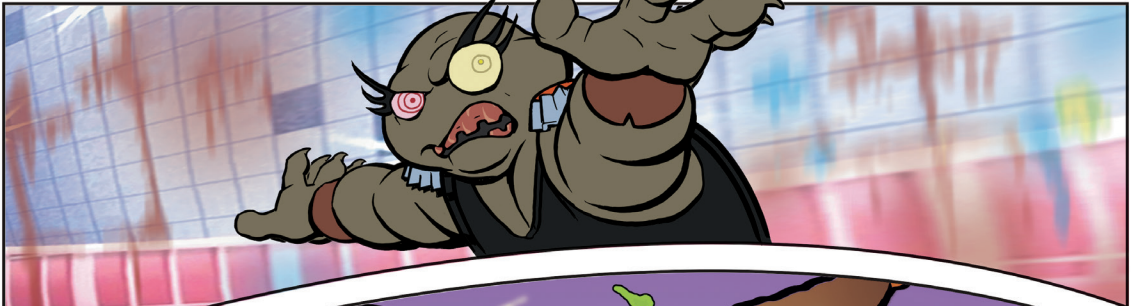

Ha ha ha! My beautiful Sweet-Storm!
Soon I'll destroy all of Tooth City!

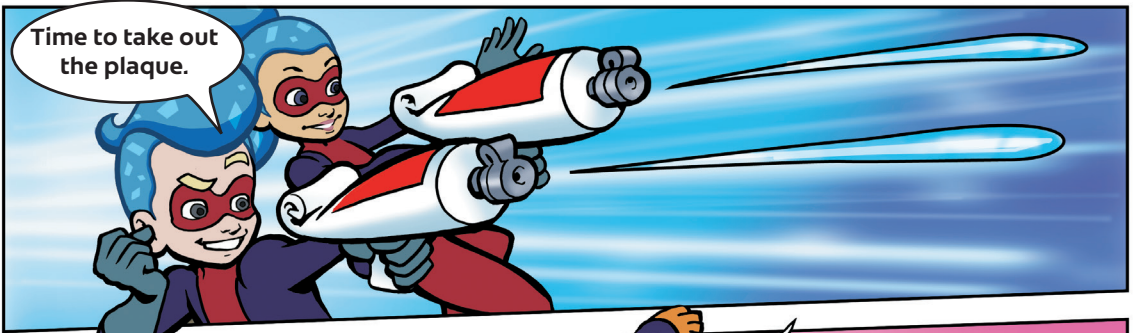

Wait! The gumdrops have
stopped! Where is my soda
rain? What's happening?

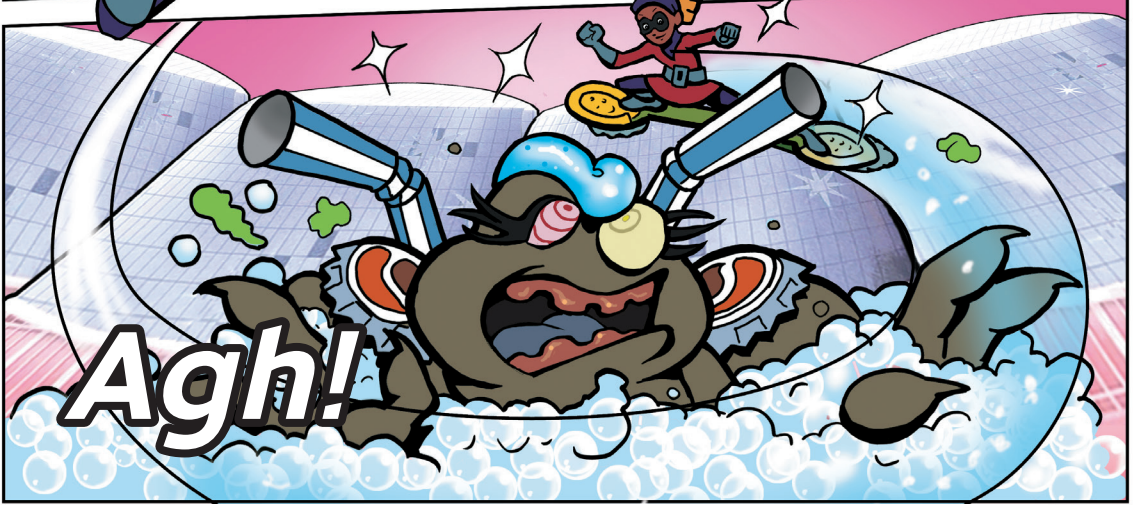

Not THIS time,
Plaque!

Time to take out the plaque.

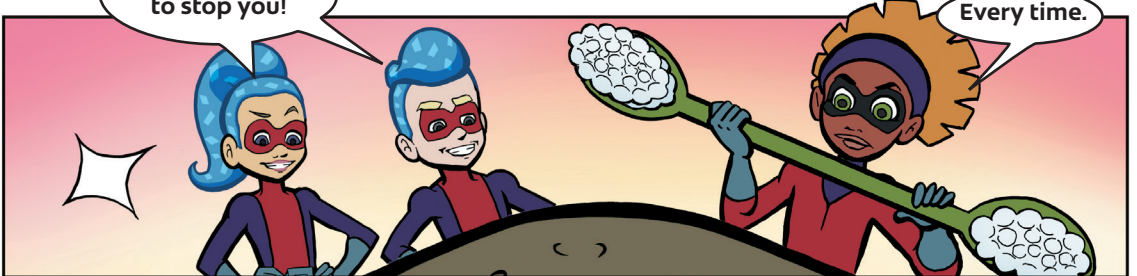

Agh!

Hee hee hee — stop it!
Hee hoo hoo hee!! Oh no!
Hee ha ha hee!!

You win for now –
but sticky snacks are everywhere, and
so am I. I'll be ba-ha-ha-ha-ack!

And we'll be here
to stop you!

Every time.

You're right, Chompers, we've got one more stop.

Let's go!!

Woof!

Wait ... there's a whole superhero team in my mouth?!

Woof!

There sure is! But you're the main Tooth Defender today!

Keeping Tooth City bright and clean!

My teeth - The brightest things you've ever seen
Teeth - Shining 'cause they're sparkling clean

My teeth - I brush 'em at least twice a day
They're shiny and they're bright and I'd like em to stay.

MWA-HA-HA-HA-HA-HA-AAAAA!
Tomorrow's another day!
